1. ABOUT THE COLLEGE

KMES SOCIETY

Keshav Memorial Education Society was founded in the year 1940 by Late PANDIT VIDYALANKAR as a living memorial to his father Late Justice KESHAV RAO KORATKAR, an eminent judge of High Court and envisioned Educationist.

Today, the Keshav Memorial Education Society has grown in stature by starting several successful institutions right from Kinder-Garden to Post-graduate level, Keshav Memorial Institution of Technology and Keshav Memorial Law College. In 1990 the society celebrated its Golden jubilee and in 2015 the society has celebrated Platinum jubilee.

KMICS COLLEGE

Keshav Memorial Institute of Commerce and Sciences was established in the year 1995. The college is located in the heart of the city in its own building with spacious campus. The playgrounds, auditorium, seminar halls, well equipped laboratories and well-ventilated class rooms provide an excellent ambience for students to pursue their academics. Well experienced and dedicated faculty members strive hard for overall development of students.

2. HISTORY OF NCC

The NCC in India was formed with the National Cadet Corps Act of 1948. It was raised on 15

July 1948. The National Cadet Corps can be considered as a successor of the University Officers Training Corps (UOTC) which was established by the British in 1942. During World War II, the UOTC never came up to the expectations set by the British. This led to the idea that some better schemes should be formed, which could train more youth men in a better way, even during peace times. A committee headed by Pandit H.N Kunzru recommended a cadet organization to be established in schools and colleges at national level

The National Cadet Corps came into existence During the 1965 and 1971 wars with Pakistan, NCC cadets were the second line of defence. They organized camps to assist the ordinance factories, supplying arms and ammunition to the front, and also were used as patrol parties to capture the enemy paratroopers. The NCC cadets also worked hand in hand with the Civil Defence authorities and actively took part in rescue work and traffic control. After the 1965 and 1971 Indo-Pak Wars the NCC syllabus was revised. Rather than just being the second line of defence, NCC syllabus laid a greater stress on developing qualities of leadership and Officer-like qualities. The military training which the NCC cadets received was reduced and greater important was given to other area like social service and youthmanagement.

National cadet corps (NCC) :

The National cadet corps is the Indian military cadet corps with its head Quarters at New Delhi. It is open to school and college students on voluntary basis. The National Cadet corps.

India is a voluntary organization which recruit cadets from the high schools, colleges and Universities all over India. The Cadets are given basic military training in small arms and parades. The officers and cadets have no liability for active military service once they complete their course, but have preference over normal candidates during selections based on the achievements in the corps.

TRAINING METHOD

1. Institutional Training

- a. Institutional training conducted at Colleges and Schools is the mainstay of NCC training and is conducted by Associate NCC Officers and Armed Forces personnel. The syllabus comprises Common Subjects and Service Subjects in the ratio 70:30. While the Senior Wing/Division training is for three years and has 300 periods, the Junior

Wing/Division training is for two years and encompasses 240 periods of training. The training year is from 01 Apr to 31 March. Training schedules planned for cadets ensure that the optimum benefits of the organisation reach maximum number of cadets. Case study method of instruction, wherever possible, is made to facilitate active participation and better assimilation.

- b. Institutional training includes basic military training to the cadets as part of the curriculum and prepares them to join the Armed Forces. It is conducted with the following specific purpose:

i. Firstly, to expose young cadets to a 'regimental way of life' which is essential to inculcate in them the values of discipline, duty, punctuality, orderliness, smartness, respect for the authorities, correct work ethos, and self confidence.

ii. Secondly, to generate interest in cadets by including and laying emphasis on those aspects of Institutional Training which attract young cadets into the NCC and provides them an element of thrill and excitement.

2. Camp Training

Camp training is the practical manifestation of institutional training. The basic aim of Camps is to introduce cadets to a regimented way of life and helps in developing camaraderie, team work, leadership qualities, self-confidence, self-reliance and dignity of labour in the cadets. The cadets are exposed to the excitement of camp life where they apply the theoretical knowledge that they had gained in Institutional Training. It is mandatory for Junior Division/ Junior Wing cadets to attend at least one camp and Senior Division/ Senior Wing cadets to attend a minimum of two camps during the period of their enrolment. NCC conducts over 1450 camps annually at an average frequency of more than 100 camps in a month. Each NCC Camp is structured for approximately 400 — 600 cadets with instructional staff comprising three to four officers and 15-20 Associate NCC

6.ADVANTAGES OF JOINING OF NCC

- NCC is a highly reputed body which is also a second line of defence. In India, many youngsters are trained in line with defence in case the need arises. If young students want to make it their career option, then being a NCC cadet holds a lot of weight. As they are directly associated with the ministry of defence.
- Other than just military training the cadets also learn several other valuable things such as selflessness, honesty, discipline, hard work and ways to build confidence and gain leadership qualities.
- Since NCC camps are held all over India therefore there is training in a various parts of the country, hence students get an opportunity of visit new places and learn the art of independence. They are required to use their social skills and their senses to get to know new places and adapt to the varying environment. Other than just social skills they also get to learn about the history and art of the new place.
- NCC cadets learn to take pride in them and the training also strengthens the spirit of being an Indian. This helps them gear towards joining the forces and providing their 100% when the country is in need of them.
- Other than military activities, the cadets are taught other skills such as parachuting, paragliding and basic aviation courses because of which they have an edge over others when appearing for the armed forces. Other than that, they also have a special quota which is very useful in case of final selection to join the armed forces. ● Under the regime of exchange programme, there are a few selected students who get an opportunity to visit other countries and learn various things which are practised in other nations and exchange experiences with cadets who happen to come to India from foreign lands.
- There are a total of 32 seats which are set aside for cadets who hold NCC certificate provided they have scored 50% in graduation with at least a B grade in C level examination. If all this suffices, then they are eligible for SSC without even qualifying for a CDS written exam. All they have to do is clear the SSB interview.

- Other than SSB they also get a preference over other in the CRF and BSF.
- Other than just armed forces there are several central and state Government organisations who give special preference to NCC cadets.

National Cadet Corps is the corps of the Indian military and is the voluntary organization that recruits students from schools, colleges and universities. The cadets are given training at lower basis of the military training footprints and not given commitment to continue the services in military but they are preferred in further recruitment of the soldiers in services. Now let's have some basic knowledge of NCC.

There are 3 certificates of NCC i.e. A, B and C top most being C certificate.

NCC is always termed as the first step of a young Armed Forces aspirant and most of the aspirants prefer to opt it to raise their chances of further selection in Armed Forces. The basic knowledge of NCC is normally possessed by all NCC cadets, but below are some elite facts that are interesting and can be useful for NCC cadets.

- 1 . Current PM Narendra Modi was once an NCC cadet.
2. Girls are allowed to join NCC, unlike IMA and NDA.
3. Whole Time Lady Officer (WTLO), the brigade, which only has women in it.
4. During 1965 and 1971 war with Pakistan, NCC was the second line of defence in India.
5. NCC is led by an officer of Lieutenant General Rank.
6. All three divisions of the NCC have respective dresses like their parent service. Like White for Naval division, Blue for Air force and Khaki for Army division.
7. Sudarshan Fakir is the writer of the new song of NCC.

NCC runs a youth exchange program in South East Asia with 12 countries.

8. 5 lakh NCC cadets performed yoga as various centres on 1st international yoga day.
9. There are 788 units of NCC, out of which, 667 are for the Army, 60 for Navy and 61 for Air Wing.
